present a**

**GERALD BROMMER WORKSHOP  
FROM LINE AND SHAPE TO COMPLEX SURFACES**

**May 10 - 14, 2010**

Bon Air Community Center, 8725 Quaker Lane, Richmond, VA

**Registration Deadline March 15th**

Jerry Brommer is the juror for the VWS annual show to be held at the Glen Allen Cultural Arts Center in May 2010. His workshop will run Monday to Friday, 9 am - 4 pm. He is a wonderful teacher and experienced at working with painters at various levels. Jerry is offering us a new workshop. We will get help in shaping up our paintings. Many of us are challenged by applying abstract principles in our work. Jerry is an exceptional teacher of abstract composition, who will give us a new experience. As one of Jerry's past students said, "I loved everything I did in his workshop... and as a realist working in a non-representational way I was vastly more successful than I could ever have imagined." He will give us a glimpse into designing non-objective compositions to use in paintings.

Another of the challenges of watercolor is to find a way to create an interesting surface without making the painting "busy". The latter part of the workshop will be working on surfaces through the use of collage, gesso and other mediums. This instruction promises to take even experienced artists to new levels. Jerry's workshop is one that will stretch everyone's creativity.

The workshop will be held at the Bon Air Community Center, a light-filled spacious room, with perfect painting conditions.
